# BIOGRAPHY

BIOGRAPHY

*Nevaeh Isabella is an emerging singer-songwriter whose music blends ethereal atmosphere with modern pop sensibility, creating songs that feel both intimate and cinematic. Writing from a place of reflection and personal storytelling, she crafts melodies that carry emotional depth while maintaining a polished, contemporary sound.*

Nevaeh Isabella is a singer songwriter whose music is shaped by both her personal story and years of vocal training. Originally from western Pennsylvania, her foundation in music began in church, where singing became one of her earliest and most meaningful forms of expression. Those early experiences helped shape her love for music and storytelling, and she began writing songs as a way to reflect on life, faith, and personal experiences.

Her formal musical training began at Lincoln Park Performing Arts Charter School, where she studied as a voice major during high school. There she developed strong vocal technique while gaining valuable performance experience and a deeper understanding of music as an art form. The environment encouraged both discipline and creativity, helping her grow not only as a vocalist but also as a developing artist.

Nevaeh later continued her studies at Belmont University, pursuing her undergraduate degree as a commercial voice major. At Belmont she further refined her vocal abilities while studying contemporary styles of performance and artistry. The experience allowed her to grow musically while continuing to develop her songwriting and artistic voice.

Today, Nevaeh Isabella continues to build her artistry through songwriting and performance, blending the technical training she has received with deeply personal storytelling. Her music reflects the journey that began in church in western Pennsylvania, developed through years of vocal study, and continues to evolve as she shares her voice and perspective with a wider audience.

# THE STORY BEHIND “RAY OF SUNSHINE”

Her first single, Ray of Sunshine, holds a deeply personal meaning. The song is dedicated to her grandfather, Raymond, who was lovingly known as Ray, and who lost his battle with cancer in October 2025. Nevaeh wrote the song while he was in hospice, creating it as a parting gift to thank him for the impact he had on her life. Throughout her childhood, he encouraged her love for music and taught her one of the lessons that continues to shape her artistry today: that anything in life can be turned into a song. Ray of Sunshine stands as both a tribute to his memory and a reflection of the love, gratitude, and inspiration he gave her.
